

Reminders About Road Safety Around Le Rocquier School

The layby situated on the left as you enter into school is the student drop off and collection zone. If this area is full, please enter the car park to drop off students. When dropping or collecting students from the drop off / collection zone, please ensure students exit and enter vehicles from the path side and not the road side.

The school politely requests that parents do not park just off the roadside on the main inner-road or on the yellow line on Rue de Presbytere which leads onto the inner road.

We are concerned about students crossing at this busy section of the road .

Please give way to school buses which need to pull out of the bus layby during busy times.

Please remember to use the 'Filter in Turn' system when exiting the school premises.

This is very much appreciated by the staff and parents of St Clement's School.
