

## Year 11 Mocks 16<sup>th</sup> – 20<sup>th</sup> November 2020

The mock GCSE exams for Year 11 will run from the Monday 16<sup>th</sup> November- Friday 20<sup>th</sup> November. The exams will be sat in the Hall as they would for the real GCSEs to give students the experience of the whole examination process they will have in summer. When exams run into break, students will take their break during period 3 on that day.

As you are aware it was the teachers who selected the Summer 2020 Centre Assessed Grades for students. It is anticipated that this year, Year 11 students will sit their exams in the summer; however, in the current climate this could be subject to change. We know how valuable the mocks can be as part of the wider evidence bank of performance should teachers ever be asked to award qualification grades again. Therefore, it is essential that your child revises each day, across a range of their subjects, to know the most they can going into these mock exams.

Please ensure students are fully prepared for these exams by supporting them with revision and providing the equipment they need: black pens, pencil, ruler, mathematical equipment and a calculator in a clear pencil case. We encourage students to drink water during the exams and these must be in a clear bottle without labels or writing.

The exams must be completed in silence and students will be reminded of the rules and regulations at the start of each exam. These are in place to ensure each and every student has the best opportunity to achieve their desired grades.

Please see the timetable set out below. Those students with Access Arrangements will be catered for in Support.

	Exam 8.30-10.35	Break	Period 3 11.05- 12.05	Lunch 12.05- 12.35	Form 12.35- 12.55	Exam 1.00-3.00
